

## Therapeutic Misconception about Research Procedures: *Does a Simple Information Chart Improve Understanding?*

GAVIN CAMPBELL, MARGIE DIXON, MINISHA LOHANI, JOHN COOK, RACHEL HIANIK,  
MARY CATHERINE THOMSON, ELI ABERNETHY, COLLEEN LEWIS, JEFFREY SWITCHENKO,  
R. DONALD HARVEY, AND REBECCA D. PENTZ

### Interview Questions Assessing Understanding of Non-Therapeutic Procedures

1. For this trial, you will have blood draws on **Cycle 1, Day 1** before you've been given the drug. Do you know if these blood draws taken **before you are given the study drug** will be used for your current care?
  - a. Yes
  - b. No
  - c. Will be used both for my current care and for research
    - i. If both, please explain
  - d. I don't know
  
2. You will also have some blood draws after the study drug on **Cycle 1, Day 1**. Do you know if the blood draws taken **after you are given the study drug** will be used for your current care?
  - a. Yes
  - b. No
  - c. Will be used both for my current care and for research
    - i. If both, please explain
  - d. I don't know
  
3. Will the **tumor biopsy** taken **before you start the study** be used for your current care? (*Please circle one answer*).
  - a. Yes
  - b. No
  - c. Will be used both for my care and for research
    - i. If both, please explain
  - d. I don't know
  
4. Is this **tumor biopsy** mandatory or voluntary?
  - a. Mandatory (You must have them to be a part of the research)
  - b. Voluntary (You get to decide whether or not to have them and still be in the research)
  - c. Don't know
  - d. Does not apply because this biopsy is not for research.

5. Will the **tumor biopsy** taken **after you start the study** be used for your current care? *(Please circle one answer).*
- Yes
  - No
  - Will be used both for my care and for research
    - If both, please explain
  - I don't know
6. Is this **tumor biopsy** mandatory or voluntary?
- Mandatory (You must have them to be a part of the research)
  - Voluntary (You get to decide whether or not to have them and still be in the research)
  - Don't know
  - Does not apply because this biopsy is not for research.

**Sample Information Chart, Draft 1**

Procedures	Will NOT be used by your doctor to take care of you (will not impact your care)	Will be used by your doctor to take care of you (will impact your care)	Will be used by your doctor to take care of you AND will be used for research.
Biopsy before you begin		x	
Blood draws after drug administration on day 1	x		
Biopsy 2 months	x		

**Sample Information Chart, Draft 2**

The purpose of this form is to show you who benefits from the following tests:

Trial A Who is likely to benefit from these procedures?

	<u>Me Only</u> (use for my current care only)	<u>Others Only</u> (use for research only)	<u>Both</u>
<b>Cycle 1, Day 1</b>			
<b>Before</b> study drug			☺
<b>After</b> study drug 30 min, 1,2 4, 8, 12, 24, and 48		☺	
<b>Cycle 1, Day 8</b>			
<b>Before</b> study drug		☺	
<b>Cycle 1, Day 15</b>			
<b>Before</b> study drug		☺	
<b>After</b> study drug 30 min, 1,2 4, 8, 12, 24, and 48		☺	

Who is likely to benefit from my tumor biopsies?

	<u>Me Only</u> (use for my current care only)	<u>Others Only</u> (use for research only)	<u>Both</u>
<b>Before</b> I start the study (if no tissue has been stored)		☺	
<b>Cycle 1, Day 22</b>		☺
